This matter comes before the Public Service Commission of South Carolina (the Commission) on the Petition for Clarification of Order No. 98-445 filed by Knology of South Carolina, Inc. (Knology). Specifically, Knology inquires as to whether the grant of a certificate to provide facilities-based telecommunications services would encompass the providing of reseller services as well. The provision of reseller services was not mentioned in Order No. 98-445 referring to the local docket.

We grant clarification, and state that, since Knology made a showing that it was entitled to provide facilities-based local service, it also provided evidence that it was entitled to be a reseller of local service.

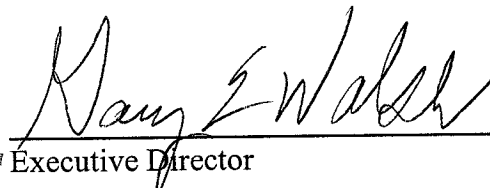

Knology is hereby granted resale authority for its local services, as well as the facilities-based authority already granted in Order No. 98-445.

This Order shall remain in full force and effect until further Order of the Commission.
